

## The "How To" of Healing, Growth and Transformation

~ A Training and Mentoring Experience ~  
Led by Bill Bauman

For years numerous people have asked me, "When will you teach us how to do what you do?" Their collective intention, as I felt it deeply, was that they wanted to learn as much as possible about:

- how true healing actually happens, especially at deep levels within the person
- what dynamics are involved in creating real and lasting personal change
- how dramatic transformation actually takes place, and
- what forces influence a seemingly magical awakening on a person's part

And they wanted to learn it so that they could take charge of their healing and growth themselves—a truly inspired and empowering intention. The time for me to say "yes!" to their genuine invitation has finally come.

### A 3-Day Intensive Training and Mentoring Experience in the "How To" of Healing, Growth and Transformation

In this hands-on experience, I will help the participants learn both (a) the underlying mechanics and dynamics of healing and transformation, and (b) how to do what I so frequently do in facilitating healing and change. Specifically, I will both train and mentor participants in the following:

- the nature of change and transformation
- the underlying, multi-dimensional dynamics of healing
- the many layers of forces and influences in creating change and breakthroughs
- the invisible power to heal and change—its sources, its processes, its magic
- the personal power of the Ultimate Human in creating healing, change and transformation
- what I do and its "How To"

**WHAT:** This experience is specifically dedicated to two approaches: training and mentoring. Our time together will vary between my training participants in the theory and practice of growth and healing, and a hands-on mentoring of them in applying these approaches personally or professionally.

**WHERE:** Our meetings will be held **The Residence Inn Las Vegas Hughes Center by Marriott's Conference Center**, 370 Hughes Center Drive (off the strip, one mile from the airport). Special room rates for conference (702-650-0040).

**WHEN:** This is a three-day weekend training that will take place on a Saturday-Sunday-Monday, during 2011. Since the June Seminar is filled, I am offering it also on **August 27, 28, 29, 2011**. The seminar will be daily from **9 AM to 6 PM**

**COST:** The fee for this experience is \$400.00 per person with a non-refundable deposit of \$100.00. You will also be responsible for your transportation, food and lodging for the weekend.
