

Announcing ... a Training and Initiation in

ULTIMATE LEADERSHIP

~ a 4-day training experience led by Bill Bauman ~

Bill Bauman has developed this innovative four-day training and initiation program for those who feel a deep commitment to meaningful service ... a driven-ness to make a true contribution to life ... and a profound calling to be the most ultimate leader they can be.

This training and initiation is a specific application of Bill's vision and model of the *Ultimate Human*—one who is powerfully present to every aspect of self and life, and who therefore embodies life itself in a way that is powerfully expressible.

This four-day experience is an initiatory immersion into your innate ultimate self and leader—the powerful *you* who has enormous influence on those around you and on life itself. It will be spiritually rich, personally enhancing, humanly engaging, and powerfully charged. Through these days, your “ultimate self” will become an “ultimate leader.” Participants will:

- enhance, precise and perfect their unique leadership gifts, talents and skills
- move beyond any personally or professionally limiting factors in being vibrant leaders
- become dynamic, grounded, confident, empowered, integrated, focused, mindful leaders
- discover how to bring their “inner leader” into flowing and effective external forms
- develop tangible, hands-on leadership skills, feel-able charisma and effective dynamism
- blend soulfulness with effective action, love with power, and service with success
- fulfill their inner inspiration to lead richly, serve powerfully, and make a tangible difference
- take a giant step into their destiny as motivators, change-agents and inspired leaders

Initiation: Bill will initiate each member into her/his fuller “ultimate leader self.”

In this initiation, the power of leadership will be conferred, the spirit of leadership infused, and the magic of leadership experienced.
